Sacramento, CA

### Profile

I'm a fifteen year old, one of Apple's WWDC 2015 scholarship winners! I'm a professional iOS developer currently working at Musey. I started programming from the age of 10, so i have lots of experience. I do lots of different stuff, from making apps for the Apple Watch to programming Designing PCB boards for my robot. I like working remotely.

### Experience

#### **IOS DEVELOPER AT MUSEY INC. – 2015 - PRESENT**

I currently work at Musey a San Fransisco based company. I work on their iOS Apps. And also manage their backend services such as Parse. I am legally working with a work permit. You can download our app [Scout](#) on the App Store.

#### **SELF EMPLOYED IOS DEVELOPER – 2013-2015**

I have lots of iOS knowledge. I started with Objective-C and learnt Swift as soon as it was out. I love making iOS Apps. I have 5 Apps on the app store.

#### **SELF EMPLOYED .NET AND WEB DEVELOPER – 2010-2013**

I started programming from the age of 10. I started with C#, making windows apps. I also sold an accounting app i made to a company. I like web development too. I make my own REST apis.
